## ATTENTION PLAYERS WINTER UPDATES

November 15, 2019 to March 15, 2020

### No Tee markers on course

From November 15th to March 15th, the GHIN handicap system does not allow scores to be input toward player handicaps. This is also the dormant season for turfgrass growth so Denver Golf Courses

do not place tee markers on the course, and allow golfers to tee off where they choose on tee boxes.

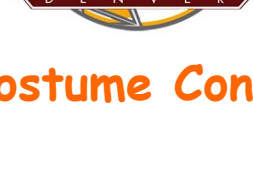

This helps to disperse wear and tear on the tee box, which is vital during the dormant season for turfgrass growth.

### No Coolers on course

During the winter season, we bring the coolers inside. Even on the warmest winter days, it still gets

below freezing at night. The freezing temperatures damage the coolers. We will do our best to provide

water sources in the pro shop and restaurant for players to fill up water bottles.

## BEE FRIENDLY

Denver Golf's environmentally friendly initiatives

### This month our Bee Friendly program highlights our recent bee habitat preservation!

Denver Golf works with Denver's Forestry department who is tasked with the removal of hazardous and structurally compromised trees for safety purposes. From time to time, these trees host honey bees in their hollow spots. Mid-summer this year, Forestry and Golf collaborated on a delicate operation to move a log containing a hive of feral honey bees. Staff covered the hive early in the morning to ensure the hive would be moved and leave no bee behind.

Honey bees are fairly docile but staff wore protective bee suits as a safeguard against any defensive action from the bees. The log was cut and transported with care to John F. Kennedy golf course where it was immediately placed upright in an area away from golf play and adjacent to naturalized areas. Frequent checks of the log show that the bees thrived and are now huddled up for winter. We look forward to seeing them flourish and pollinate along the Cherry Creek corridor for years to come.

## COURSE UPDATES

## HOLES IN ONE

### Evergreen Closed November 3rd for 2019 season

Evergreen is closed for the 2019 season. Keys On The Green Restaurant will remain open throughout the winter.

### Overland's redesign of Hole #1 complete

Overland Park Golf Course recently completed a redesign of hole #1 and added a new First Tee Junior course along Huron Street. This junior course will provide programs to juniors in a neighborhood that has been vastly underserved in the past. This course is free to play for juniors and free to adults playing with a junior. This is not a practice area for adults so please continue to utilize the chipping green across the driveway for short game practice.

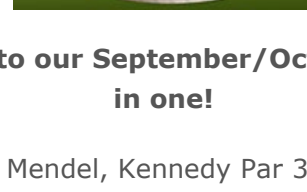

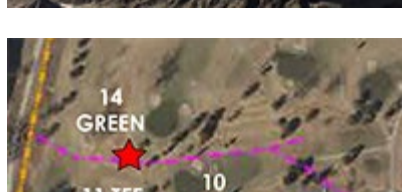

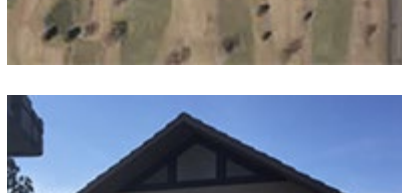

With the redesign of hole #1, players will experience a new routing and new green. Both hole #1 and #2 have been rerated since the tee box of #2 moved forward slightly to accommodate the new green on 1. Ratings will be reflected on the new hole signs as well as on the new scorecards in the spring.
